

USB 3.0 PCIe Card U3-PCIE2-2P01

The U3-PCIE2-2P0 is Point Grey's dual port PCI Express to USB 3.0 host controller card. It's fully compliant to the SuperSpeed USB Specification Rev 1.0 and the xHCI (eXtensible Host Controller Interface) Specification Rev 1.0, and it is also backward compatible with USB 2.0 and USB 1.1.

FEATURES

- 2 USB 3.0 Ports supporting full bandwidth of SS/HS/FS/LS Data rates
- Maximized USB 3.0 transfers rates with Point Grey USB 3.0 cameras
- PCI Express Gen II x1
- Low Power Mode

General Specifications

Chipset	Fresco Logic FL-1009
Bus type	PCI Express 2 (x1 connector)
Bus width	x1 lane PCI Express operable in x1, x4, x8, x16 slots
Transfer Rate	5 Gbps
Hardware certifications	RoHS, CE, FCC
Operating temperature	0° C to 75° C
Storage temperature	-40° C to 125° C
Dimensions	6.75 x 6.8 x 12 cm (Length x Width x height of end bracket)
Accessories	Low-profile PCIe bracket included (8cm)
