Custom FL2	Any custom part numbers derived from FL2 line of cameras	September 1, 2011	
CHANGE DESCRIPTION:			
<p>The Affected Part Number will have the FCC logo removed from both the labels on the camera (see figure1) and the packaging box (see figure 2). The FCC declaration will also be removed from the camera part number (see figure 2).</p> <p>The camera's FCC and Industry Canada - ICES compliance statements will be placed on a new label that can be found on the packaging box's inside flap (see figure 3).</p> <p>This change to the product's labeling does not reflect any change to the camera's compliance levels or testing methodology.</p> <p>This is a minor change and does not reflect any change in fit, form, function or reliability of the Affected Part Number(s).</p> <p>This change will be occurring for all products that currently have FCC logos printed on their labels. This document will be updated on an ongoing basis until this change has been completed.</p>
